WELFARE BOARD DISTRIBUTES $611.73 TO NEEDY FAMILIES.

HAS BALANCE OF $3.36

Fred Robinson and G. B. Holmes Chosen for Next Year—Other Churches Will Select Members.

Thirty families or 100 individuals have been helped by the Maryville welfare board, according to the report presented by Fred Robinson, president of the board, at the union Thanksgiving services, held at the Christian church Wednesday evening.

The services were attended by a large crowd, which listened with interest to the well prepared program, and entered heartily into the spirit of the occasion.

After the sermon by the Rev. Robert C. Holliday, pastor of the South Methodist church, the welfare board report was read. It was heard with especial interest, because it gave the church people an idea of the extent and scope of the work accomplished by the board and also showed them the possibilities of extending and enlarging the sphere of usefulness in charitable lines.

Mr. Robinson said that a total of $615 had been received during the year, in the following amounts: First Christian church, $100; First Baptist church, $60; First Methodist church, $52.50; First Presbyterian church, $75; city of Maryville, $75; county court, $78; Twentieth Century club, $20; collection, union Thanksgiving service, $31.19; twenty individuals, $98.50, and one individual, $24.90.

Of this amount, the total cash disbursed was $611.73. The items of disbursement were as follows: Coal, $156.25; groceries, $260.14; fresh meats, $24.15; clothing and shoes, $45.11; nursing and board, $48.60; burial, $19; house rent, $18, and sundry expenses, $49.18.

The report was signed by the president and by Miss May Orear, secretary.

The board also received contributions of coal to the value of $35 and groceries and other foods to the value of about $100, all of which was used in the work. Donations of second-hand clothing were received, most of which have been distributed, and the balance was kept in good condition to be given away when needed.

A cash balance of $3.36 is left in the treasury. The amount collected at the union service Wednesday evening was $22.30.

The selection of the Welfare board for next year is now in progress. Two Protestant churches, the Christian and the Baptist, have selected their members having been chosen to serve. The other churches have not yet selected their members. The former members from the churches were Henry Thorp, Mrs. A. R. Perrin and Mrs. G. H. Colbert.

All of the members of the welfare board have done a wonderful work in caring for Maryville's unfortunates, and credit is especially due to Fred Robinson, who has spent a great amount of time and energy making it possible for the board to present such an excellent report.

The public and Normal schools have given the board a large donation of fruit and clothing, which will be distributed at once.

NEW TERM AT NORMAL

Monday Will Be Taken Up With Classification and Registration—Regular Classes Tuesday.

The fall term at the Normal closed Wednesday with a total enrollment of 336 The enrollment for the winter quarter, which begins Monday, will greatly exceed that of other years, it is believed. The increase in enrollment over last year for the fall quarter was thirty, and if the increase for the winter quarter is in proportion, an unusual high percentage for attendance will be maintained.

Monday, the first day of the new quarter will be taken up with classification and registration. The regular work of the classes will begin Tuesday morning. The work of the classes will go on without interruption from then until the Christmas recess, which begins December 22. There will be no changes in the personnel of the faculty, such changes only being made at the beginning of the school year.

KIRKSVILLE WINS

MARYVILLE NORMAL DEFEATED BY 92-0 SCORE.

FOOTBALL SEASON CLOSES

Normalites Hope That Bad Season May Be Followed by Good One Next Year.

The football game at Kirksville between the Maryville Normal and the Kirksville normal ended with the Kirksvilles in possession of the score. Kirksville forced the ball under the goal many times. The locals were handicapped by being light and were unable to stop the impetuous dashes of the heavy Kirksville players. The score at the close of the second half showed conclusively that the Kirksvilles had 92 points to their credit, while the Maryville men had only experience and hard knocks to theirs.

However, the score does not tell the whole story. Scott successfully completed about six forward passes, whereas Kirksville only completed only about two. The most of Kirksville's gains were on long runs around Maryville's right end. Leo Petree, Kirksville's base ball star, was the star of the game. One of the boys said that when Petree was carrying the ball on his end runs, it seemed impossible to stop him. Time after time he pushed onward with several men clinging to him. The Kirksville team outweighed the locals twenty to twenty-five pounds. The line held well and the Kirksvilles were able to pierce it only a few times.

The line-up was as follows: H. Sawyers, l. g.; Hahn, l. t.; Andrews, l. e.; Brown, c.; Lawton, r. g.; Gannon, r. t.; Wagers, r. e.; Pickens, q. b.; Hubbard, l. h. b.; Scott, r. h. b.; Girard, f. b. Substitutions, Bird for Pickens, Nichols for Lawton, Farmer for End.

Looking over the Kirksville Daily Express of November 29 we learn that last year Kirksville made a showing which was not to be envied. Coach Williams said that he would take no chances on the game, and would use the regular lineup in the game. It also said that Maryville had had just the right amount of practice and that they might present a strong game, as they had the reputation of being hard fighters. So here's hoping that as Kirksville's 000 percentage of last was followed by a championship year, our bad year may be followed by a good year.

MARYVILLE TIES, 6-6

LAST GAME OF SEASON IS A HARD FOUGHT BATTLE.

FIRST SEASON'S RECORD

Maryville Has Splendid Showing for 1916—Although They Were Winners of No Games.

In the last game of the season the Maryville high school football team battled to a 6-6 tie with the strong team from the Chillicothe high school yesterday afternoon at Normal park. As was predicted, the game was hard fought from start to finish. The Chillicothe team were over confident and proved to be hard losers. The game was marred by their continual wrangling over the decisions of the referee. Many of the decisions were incorrect and unjust, but they were nevertheless impartial. While Maryville was not penalized so heavily as the Chillicothe team, still the penalties came at a time when they hurt.

The Chillicothe team was not so light as it was reported. Neither did they prove to be as adept at the open

STORY OF ALADDIN

OLD TALE HAS NOTHING ON TRADE WEEK MIRACLE.

OPPORTUNITY KNOCKS

Don't Delay in Taking Advantage of Fare Refund, Which Brings You to the Store Without Expense.

Say, folks, have you forgotten that tomorrow's the day marking the opening of Maryville's big trading festival? And have you seen the advertisements in The Democrat-Forum which tell you of the wonderful offerings of the merchants all ready for you? Have you fully comprehended the nature of the fare-refund and the opportunities for early Christmas shopping and opportune buying?

Now is the time. Opportunity is knocking at your door in the form of a trade festival, the like of which has never been attempted by the Maryville merchants. They are all prepared to show you as fine a stock of merchandise in all lines as can be seen in the city, and they are offering in addition the fare-refund, which makes it possible for you to come to Maryville and do your shopping without feeling the added burden of railroad or other traveling expenses.

We don't believe the story of Aladdin. We are too wise these days to "swallow" the tale of the magic lamp the genei and fairies. But the modern miracle we can't get away from. The merchant makes it possible for you to be transported to his store free of charge and lays before you a line of goods that would make even Aladdin open his eyes.

Another thing. By spending your money in Nodaway county you make Nodaway county prosperous. The merchants can give you greater variety and better articles to choose from if he is sure that he can sell his goods. You will encourage him to handle the kind of goods that you want and the goods best suited to your pocketbook if you patronize him.

Remember that your fare will be refunded without question. Just get your card at the first store to which you go, and then have each merchant put down the amount of your purchase. Your fare will be refunded at the Commercial club office without delay, and you will get the refund in cash. What more can the large cities do for you than refund your fare?

Here is a list of the merchants. Clip the list out of this issue and bring it to town with you so that you will know with whom to trade:

SUFFER HEAVY LOSSES

Small Gains Admitted in Carpathians—Artillery Duels on Western Front.

Special to The Democrat-Forum.

Berlin, Dec. 1.—A great Russian offensive, which was launched over a front of 180 miles in the Carpathians, as a final supreme effort to save the Rumanians, has broken down, according to the official report of the war office. The German allies are fifteen miles from Bucharest. Heavy losses were inflicted upon the Russ-Rumanian forces.

Artillery Fight at Carso.

Vienna, Dec. 1.—East of Gorizia and on Carso Plateau, artillery firing temporarily became lively, the Austrian war office says in its statement. The Italian dispatches dwell on fierceness of fighting in Carpathians, where the allies are trying to break the Austrian-German lines to relieve pressure against Rumania. Small gains were admitted but were said to be overbalanced by enormous losses.

German Bulgars Repulsed.

Paris, Dec. 1.—The German-Bulgarians launched strong counter attacks against the allies' positions northwest of Grunishte, but were repulsed with heavy losses to the attackers, the war office statement says. The statement says Grunishte is near Monastir.

London, Dec. 1.—Censored dispatches from Athens today indicate that a clash has occurred at the Greek capital between the Greek soldiers and the entente forces.

Unofficial Peace Mission.

London, Dec. 1.—The Rotterdam correspondence Times and the Daily Mail telegraphs say that German agents arrived at The Hague and other Dutch cities, and that it is believed that they are on an unofficial peace mission.

MASSACRE ALIENS

VILLA BRAGS ABOUT KILLING 40 CHINESE AND 3 "BLANOS."

'BLANOS' ARE AMERICANS

Bandit Busy Restoring Order in Chihuahua—Juarez to Be Next Point of Attack.

Special to The Democrat-Forum.

El Paso, Dec. 1.—In a taunting telegra mto Gonzales, the Carranza commander at Juarez, today, Villa declared that he had killed forty Chinese and three "Blano," after capturing Chihuahua. "Blano Americans" is a Chinese expression, and is one of a dozen that Villa has coined in referring to Americans. Whether he actually executed the three Americans is not known positively today.

Villa is at work restoring order. He is causing all the Carranzista dead to be burned in a huge bon fire.

Despite the concentration of the troops in the border towns, the federal authorities here believe that Villa will have to face but little resistance when he attacks Juarez.

Pershing Will Not Follow Villa.

Washington, Dec. 1.—The war department today let it be known that Pershing's troops will not go after Villa if the latter leads an attack against Juarez in person. On the contrary, Pershing is still bound by the long standing agreement to remain inactive, and will not interfere with any approach unless the bandits fire the first shot.

Mexican Conference.

Quartaro, Dec. 1.—Two hundred and forty-two Mexicans of all ranks and representing the republics, met today to consider the affairs of state. Carranza is acting president.

50 Chinese Slaughtered.

El Paso, Dec. 1.—Refugees reported fifty Chinese were slaughtered by the Villistas at Chihuahua City. Officials fear for the Americans.

DR. A. B. ALLEN TO RETIRE

Has Sold Office Fixtures to Dr. Gray of McPherson, Kan., Who Will Move Here.

Dr. A. B. Allen has sold his office fixtures and medicine to Dr. Gray of McPherson, Kan., who will move here with his family within the next several days to practice. Dr. Allen is to retire from the active practice, and his only reason for selling was that he was unable physically to attend to the work.

Dr. Allen has been practicing for nearly forty years—it will be that long next March. He practiced at Barnard for nearly twenty years and moved to Maryville in 1896 and has practiced ever since.

Dr. and Mrs. Allen expect to leave about the middle of January for a several months trip in southern California, where Dr. Allen will recuperate his health. Dr. Allen is 67 years old.

63 YOUNGSTERS AT DINNER

Elks Prepare for 110 Children, But Crowd Present ate Everything in Sight.

The Thanksgiving dinner given by the Elks club for the children of the city was attended by sixty-eight. They had prepared for 110 children, and it was well that only sixty-eight attended, as the children ate everything in sight. They had ninety pounds of chickens and there was nothing left. Miss Ada Albert and Miss May Orear had charge of the children in games in the lodge hall. The dinner was served by members of the Elks club.

style of play as they were expected to be. Not one of their attempts at forward passing went true.. The Maryville team, on the other hand, completed four passes for a total gain of sixty yards.

At the opening of the game it looked as if Chillicothe would have a walkaway. Groppe kicked off for Maryville. Chillicothe was held for downs and forced to kick. They then romped over the intervening wards for a touch down, but failed to kick goal. Score, Chillicothe 6, Maryville 0.

The crowd began to lose heart, but the Maryville team took a brace and played real football for the rest of the game. After receiving the kick-off they made first down on two line plunges. They failed to make the necessary ten yards in their next four downs, and it was Chillicothe's ball. The Maryville line held and Chillicothe was forced to kick. They regained the ball by intercepting a Maryville pass and worked the ball to the thirty-yard line. Here they were unable to gain further, and on the fourth down they attempted a forward pass, which was incomplete. Instead of bringing the ball back to the line of scrimmage it was put in play at the point where it touched the ground. This decision cost the Maryville team about twenty yards.

On the next play Woodward made thirty yards around left end, but he was called back and Maryville was given a penalty of five yards. With the ball under their own goal posts and playing behind their own line, the fellows began to play football. The first plunges netted five yards. Pickens made 15 yards around end. Maryville made first down again and the ball was out of danger.

After a temporary stop in which the ball changed hands twice, the Maryville team kept on with its march down the field. Egley made 20 yards on a pass from Woodward. Pickens made a great catch of a 10-yard pass from Woodward. Condon then made a good catch of a 20-yard pass but dropped the ball when he was tackled. The half ended with the ball in Chillicothe's possession on their onw goal line.

Maryville now put on another great exhibition. A fifteen-yard end run by Pierpoint and a pass for the same distance to Egley, mixed in among a series of line plunges, but the ball on Chillicothe's one-yard line. Pickens was then sent over for a touchdown. Egley failed to kick goal. Score, Maryville 6, Chillicothe 6.

There was no further scoring. The game ended with the ball in Chillicothe's possession on Maryville's ten-yard line.

The individual star of the game was Anderson, playing at full back for Chillicothe. He has been playing with Laclede, having entered the Chillicothe school only two or three weeks ago. Anderson suffered a sprained ankle in the closing minutes of play. This was the only injury in the game. Cies also put up a good game for Chillicothe.

For Maryville, Woodward played his usual star game. Pierpoint also starred, both on the offensve and defensive. Egley showed great form in receiving forward passes, as did Pickens also. Daniels recovered from his slump and hit the line as hard as ever. In the line, Condon, Groppe, Lyle, Miller, Masters and Wray did valiant service. Groppe's work was especially good. He broke up many plays on the opposite side of the line as well as on his own. Condon also did great defensive work.

This game closes the season for Maryville. Their record is a fine one for a first year team. It is as follows:

Maryville 0, Stanberry 34.
Maryville 12, Savannah 13.
Maryville 6, Tarkio 21.
Maryville 7, Savannah 13.

GET SIX BU. OF POTATOES

265 Children Admitted Bring About 530 Potatoes to Empire—Results Satisfactory.

Six bushels and one peck of potatoes were given by the children who patronized the Empire theater during the last week in response to the invitation extended by the management. The potatoes were turned over to the welfare board this morning, and will be distributed to deserving families as soon as possible.

A count made this afternoon revealed the fact that it took eighty-five children to give a bushel of potatoes, so at that rate about 265 children attended the shows at "2 potatoes per" during the week. Albert Kuchs is much pleased with the success of the plan even if he did nearly fill the theater to get a bushel of potatoes.

McMillen-Chaney Wedding.

The ideal Thanksgiving day in Pickering was crowned by the jingling of wedding bells at the beautiful home of her father, Mr. C. G. McMillen, Miss Audrey A. McMillen and Mr. Walter T. Chaney, the son of Mr. and Mrs. John T. Chaney of Topeka, Kan., surprised their friends by taking the wedding vows, which made them husband and wife. E. H. Hutchison, the pastor of the Church officiated.

The ring ceremony was short and impressive.

The couple, lead by the minister, marched slowly down the stairway to the music of "Mendelssohn's Wedding March," played by the bride's sister, Miss Ora McMillen.

Mrs. C. G. McMillen, in her usual artistic way, had the home lovely with flowers and ferns of her own culture, which made the couple look as if they had been transplanted into some tropical garden of the sunny south.

The bride wore a traveling suit of blue broadcloth, with traveling hat to match, and carried a bouquet of roses and orange blossoms.

The groom holds a prominent position in the prosecuting attorney's office in Topeka, and after January 1st will enter upon the duties of assistant county attorney of Shawnee county.

The ceremony was witnessed by Mr. and Mrs. C. G. McMillen and Mrs. E. H. Hutchison of Pickering, Mrs. John T. Chaney and Miss Ora McMillen of Topeka, Kan., and Mr. and Mrs. Byron Hanna of Maryville.

After words of congratulation, the happy couple left at 4:30 o'clock for their home in Topeka, Kan., where they will be at home to their friends at 500 Clay street.

The good wishes of their many friends go with them for a long and happy life.

RED CROSS SEALS

SCHOOLS AND EDITORS SHOW WAY TO WIPE OUT TUBERCULOSIS

INTEREST IS TREMENDOUS

Sale of Seals Steadily Growing Until Missouri Ranks Among Leading States—Will Sell Here.

Dr. W. McN. Miller, secretary of the Missouri Association for the Relief and Control of Tuberculosis at the State Teachers' association meeting at St. Louis last week, made the statement that the schools and the editors of Missouri were showing the world the way to eradicate tuberculosis. They are making Missouri the "show you" state, he said.

In 1915 there were 465 fewer deaths from tuberculosis in the state than in 1911. This is a diminution in the death rate from tuberculosis in Missouri of two and a half per cent a year. The saving to the state in 1915 in dollars and cents was nearly four million dollars and in the four years, over nine millions. Dr. Miller attributes this saving of lives and wealth to the spreading of information pertaining to tuberculosis by the schools and newspapers of the state in connection with the annual sale of Red Cross Christmas seals.

The growth of interest in the fight in the state, he said, is tremendous. In the per capita population sale of seals in 1914 Missouri ranked twentieth in the roll of the states, in 1915 she took the rank of ten, in 1916, he said, she will give Rhode Island, Connecticut and New York state, the leaders in 1915, a hard run for first honor.

The Red Cross seals and printed matter have been sent to Supt. J. M. McDonald. County Supt. Bert Cooper has been advised that plenty of seals and printed matter can be had for the rural schools in Nodaway county.

RED CROSS SEAL, 1916.

The seal for this year comes in green and red and is very ornamental and full of Christmas cheer. The printed matter to be supplied to school children and for their distribution, is more attractive than ever. Seals will be sold by mail as well as by school children, but the schools will be given full credit for the sale by mail. People buying seals by mail will notify the teachers or superintendent by a coupon, to be sent by a school child or by mail.

The Burlington station agent at Tarkio sold $3,500 worth of tickets during the month of August. On a single day, August 12, $696 worth of tickets were sold, which is very good for a town of 2,000, as the Tarkio Avalanche justly asserts. In the sale of accident insurance tickets Agent Elton is also a hustler, holding 12th place in the list of Burlington stations in this part of the country, exceeding the sales even of Des Moines and Council Bluffs, Ia.

HERE YEARS BEFORE WAR.

What a Blanchard Paper Says About N. B. Lamar of This City, Who Visited Recently in Blanchard.

The following is taken from this week's Blanchard Herald:

Napoleon Lamar of Maryville, spent the latter part of last week here with his relatives and friends, Mrs. Ella Lamar and the different Joy families. The visitor is 87 years of age, has owned and disposed of many tracts of land in this section of country—the abstracts of many of the farms about here will show his name in the transfer.

Mr. Lamar's life in this country probably dates back as far as anybody here, or near here. Long before the war he had taken up his residence, fenced a farm with stake and rider, and built a log cabin. This was over in Atchison county, Missouri.

At the time of the outbreak of the war, and against his sympathy, Mr. Lamar was drafted into southern service, but after several light engagements, deserted, and never returned until the differences of the north and south were settled. At the time of his draft, he owned a farm in Atchison county and the farm now held by the Levi P. Morton heirs over west of Nebraska City.

Returnin gafter the civil strife Mr. Lamar could lay claim to nothing and consequently lost everything then.

A press dispatch from St. Joseph states that a delegation of ninety New York bankers and financiers arrived there last Friday and that the object of their visit is to put their final O. K. on the plans of Doherty & Co., for the building of a network of interurban lines through northern Missouri.

King City is the defendant in a suit for $5,000 damages for injuries alleged to have been received by Dr. G. H. Barbour, a physician of that place, in a fall caused by a defective sidewalk.

No matter how long is the journey, no matter how slowly we gain, we come to the end of the journey, we come to the end of the lane. Youth and its fancies are fleeting and they leave no trace on the sand; 'tis the storms and knocks that mar you, the things you can't understand. And, oh, at the end of the journey, when we come to the end of the lane, when the bitter winds have ceased blowing and the spirit no more feels the pain; we can lay down our travel stained garments, and rest from their bruises our feet, and eat at our dear Father's table the fruits of a life pure and sweet. We can enter a dear little cottage, the place which we call Home Eternal—the home at the end of the lane.—Mrs. O. W. Curry, Eagleville correspondent of Bethany Republican.

GOTHAM TO GO DRY

MINISTER PREDICTS VICTORY FOR LOCAL OPTION IN N. Y.

DECREASE IN SALOONS

"Movies" and Other Causes Have Made Liquor Selling of Less Profit, Liquor Dealers Agree.

New York, Dec. 1.—"Little Old New York will be dry by 1,920 or forced to go out on the Atlantic to get its drinks."

This prediction by the Rev. J. V. Chalmers, rector of Holy Trinity church, set New York thinking today. The liquor men were especially interested. While some jeered at the idea of this stronghold of alcohol becoming "white" territory, many privately admitted they agreed with the general trend of the clergyman's remarks, while believing it might take longer to force the change than the four years he granted.

More stringent laws and other causes have greatly reduced the number of saloons in New York this year. In the whole state six hundred went out of business on Oct. 1 last. Only part of the cities of the state have the right to say whether they shall be wet or dry, but a strong fight for a state-wide local option law will be made in the next session of the legislature at Albany.

Saloon keepers agree their business is less profitable than ever before. For one thing, the moving picture theaters hurt them. The workingman takes his whole family to see the films instead of carousing in the neighborhood inn while his wife and children sit at home wondering when and in what condition he will return.

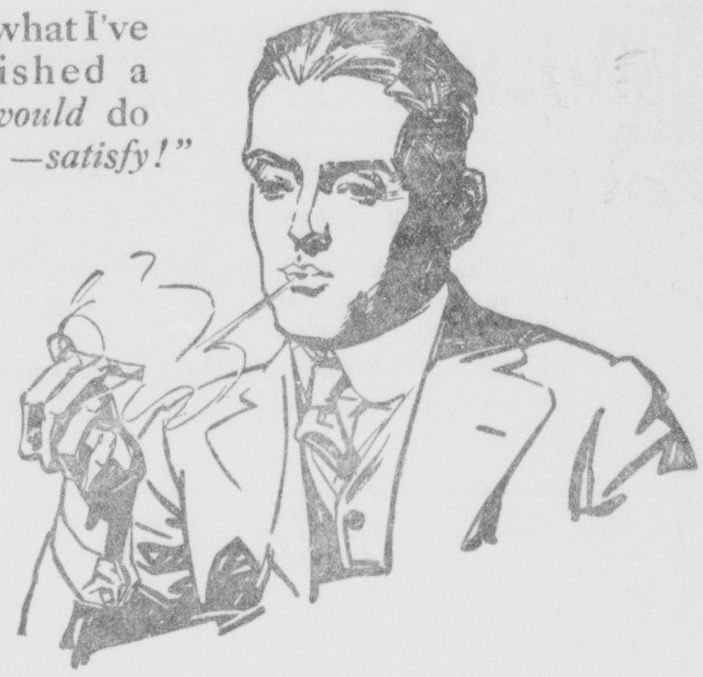
Dr. Chalmers' striging prediction was made at the convention of the Protestant Episcopal diocese of New York. He exhibited a map showing there are 170 saloons within an area of three-quarters of a mile around his church, which is in East Eighty-Eighth street. These saloons took in last year, he said, more than $3,107,000.

If the city officials would enforce the present liquor laws, he added, at least two thousand of the ten thousand saloons in the city would be put out of business.

After a long discussion, in which the Rev. Bishop Philip W. Fauntleroy of St. Luke's, Beacon, declared that "people cannot by legislation be induced to refrain from drinking," the convention went clearly on record for total abstinence and a state optional prohibition bill. The resolution adopted read:

"That this convention, through its social service commission, declares its readiness to co-operate with all active temperance forces in urging total abstinence for individuals, in endeavoring to have the present liquor laws enforced, and in favoring any legislation, such as an optional prohibition bill, which will give the people of this state in cities or towns a chance to speak for themselves on the question of license or no license."

"That's just what I've always wished a cigarette *would* do —*satisfy!*"



The feature of Chesterfields is that they *begin* where other cigarettes *leave off.*

In other words, besides pleasing the taste, Chesterfields go further—they *satisfy!* Just like a long drink of cold water satisfies when you're thirsty.

And yet, Chesterfields are *MILD!*

It's Chesterfields or nothing if you want this new cigarette delight, because no cigarette maker can copy the *Chesterfield blend*—an entirely *new* combination of tobaccos and the biggest discovery in cigarette blending in 20 years.

One Months Notice.

Preparatory to my quitting the Implement business, I shall on and after January 1, 1917, conduct strictly, a cash or note business. They tell me it can't be done, but I'll show you. The banks do it; Ed Townsend does it; Sears and Robuck do it, and what they can do, I can do. SO KEEP YOUR EYE ON THE INDICATOR. and do not misconstrue.

Think!!! Did you ever get ten dollars at a bank without first signing an interest bearing note. and no doubt, giving security? Did you ever get a dollars worth of groceries from Ed Townsend without first paying for them? And last, but not least, did Sears and Robuck ever send you a thing without your first sending the collateral, and too, without your having seen it? These questions, CAN BE answered by the children.

Please Remember The Date.

It is a Fact,

January 1, 1917, I shall have been in the implement business, right here in Maryville a quarter of a century. Think!

This is costing me $2.40.

Just as the little foibles of the individual cause him to be noticed, so it is the little things around a college that interest the students and cause them to remember the old school long after the zenith of life is passed.

Doubtless all remember the persistence of the "Bear Cats" in keeping their faces unshaved for two weeks. The fair sex was grieved, but man ruler. At last they submitted to have their beards removed but they hold to the "mustache" with the zeal of Puritans.

The girls' basket ball team of the Eurekan Literary society have challenged all girl teams in the school to a game at any time, at any place. The Excelsiors have accepted the challenge and a game is scheduled at an early date next quarter.

At the close of the year the merchant invoices and takes stock. Likewise the student takes stock at the end of the quarter of the things he has gained or failed to gain.

The student may well remember the words repeated to the student by Prof. Miller—ask seek and knock. In the words of the poet, if at first you don't succeed, try and try again.

May we all enjoy the tasks which are given us to do, and at the close of the next quarter have another Thanks giving.

The gents are strictly "nootral," of course, but there are many of the ladies who look askance at them, and with the wonder that was Gullivers,' when he was marooned on the island of the giants. To them the mustaches are as much of a wonder as the whiskers of the giants were to that distinguished traveler.

Hubbard is being closely shadowed by the secret service of the bacteriological department. Mr. Lesson avers that the growth upon his lip contains microbes and says that upon more proof he may use cream and the old cat upon them.

Large Crowd of Missouri Rooters Await Results of Missouri-Kansas Game at Office.

The result of the Missouri-Kansas football game at Lawrence yesterday, Missouri winning 13 to 0, was received by The Democrat-Forum by quarters yesterday afternoon. There were a number of interested Missouri rooters at the office during the afternoon and a large number of telephone queries concerning the game were answered.

Has a New City Jail.

The city has built a new house for its cage where unruly ones will sojourn when they fall into the clutches of the law. The house is almost of the bungalow type, and is located back of the Star feed barn. The outside appearance is quite attractive but we have no desire to investigate the interior.—Burlington Junction Post.

A King City poultry dealer occupies a column in the King City Democrat with an earnest appeal to his patrons to mature their turkeys before offering them for sale. He refers to a recent visit to a large poultry market where he saw ordinary immature turkeys bought at $1.25 to $2.50 each, and where he saw 20 mature, fat turkeys bring $101, or $5.05 each.
